	Scotts Classic Drop	7
	Yard Works	4.5

## DIRECTIONS FOR USE

#### GARDEN VEGETABLES & FLOWERS:

Apply 2 pounds per 100 sq. ft. and work into the soil. To feed the plants once established, apply at 1 pound per 100 ft. of row. Water thoroughly.

#### SHRUBS & HEDGES:

Apply in spring after danger of frost has passed. Broadcast 1-1/2 pounds per 100 sq. ft. of bed area. Water thoroughly after applying.

#### EVERGREENS:

Apply in spring after danger of frost has passed. Broadcast 1-1/4 pounds per 100 sq. ft. of bed area.

#### DECIDUOUS TREES:

Feed in spring, preferably before growth starts or in fall after leaves drop. Apply 1 to 2 pounds per inch of tree trunk diameter. In ground, drill 2 inch holes 6 to 10 inches deep and 2 to 3 feet apart around the tree at the outer edge of the branches.

**NOTE: Avoid direct contact between fertilizer and foliage of flowers, shrubs, and vegetables. When in contact, water foliage immediately.**

#### FOR NEW LAWNS AS A STARTER FERTILIZER:

Apply this product in the spring or fall. Apply 4.0 pounds of product per 1000 sq. ft. with a broadcast (rotary) or drop spreader. Work the fertilizer into the top 1 to 2 inches of soil. Smooth the surface, apply seed (according to label instructions), rake lightly or roll, and water moderately. Keep the treated soil moist with frequent and light watering until the lawn is well established. Do not overwater or allow the seedbed to dry out.

#### OVERSEEDING ESTABLISHED LAWNS:

Apply 4.0 pounds per 1,000 sq. ft. Apply new seed at recommended rate and keep moist. This can be done during the growing season, but spring and fall are preferred for best results due to cool and moist conditions.

#### States with Phosphorus Fertilizer Laws

This product contains phosphorus and may require a soil test indicating a phosphorus deficiency prior to use. This product may be used to establish a new lawn from seed or sod during the first growing season of establishment. Refer to your state-specific fertilizer laws for additional information.

**Conversion: 1 LB. = 1.5 CUPS**

#### CAUTION KEEP OUT OF REACH OF CHILDREN

This product may be harmful if swallowed and may cause skin and eye irritation. Wash skin with soap and water after handling. If in eyes, flush eyes with plenty of water as soon as possible.

**NOTICE:** Seller makes no warranty, expressed or implied, concerning the use of this product other than on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
